215v three-phase inverter

Overview

What is a 3 phase solar inverter?

Three-phase On-grid Inverter 215kW, Huawei SUN2000-215KTL-H3 The Huawei SUN2000-215KTL-H3 three-phase inverter is specifically designed to optimize and convert solar energy in high-capacity systems. With a nominal power of 215 kW, this inverter incorporates advanced technologies to ensure efficiency and durability.

What is a three-phase inverter?

A three-phase inverter is an electronic device used to convert direct current (DC) into three-phase alternating current (AC). This type of inverter is commonly used in industrial and commercial applications where three-phase power is needed, such as in electric motors, pumps, fans, and other heavy machinery.

What is a 3 phase variable frequency inverter?

The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection. The variable frequency inverter usually applies for electric vehicles, power generation, marine, and aerospace.

How much torque does a 3 phase inverter have?

Start torque reaches 150% of rating torque at 1Hz. 3 phase inverter with output voltage 3 phase AC 0~input voltage can work at (-10°C, 40°C). Reliable 160 kW variable frequency inverter, 3 phase inverter input voltage 240V /420V /480V AC $\pm 15\%$ can be optional.

Why should you choose a 3 phase inverter?

Maximize energy production, safety, and achieve significant savings in Balance of System (BoS) and Operations and Maintenance (O&M) costs with our range of innovative and lightweight three phase inverters country save on

energy costs and leave a smaller carbon footprint. Industries include: And more.

What is the rated current of a 3 phase inverter?

Rated current 21A at 380V~ 480V, 3.8A at 220V~240V. 3 phase inverter with sensorless vector control can work at (-10°C, 40°C). Come with RS485 communication mode, vfd inverter 3 phase has IP20 enclosure rating. 1.5kw variable frequency inverter for sale, vfd inverter 3 phase 230V, 400V, 480V, rated current 3.8A at 380V ~ 480V, 5.1A at 220V ~ 240V.
