540v inverter cabinet price

Overview

What is a rectifier / inverter system cabinet?

Rectifier / inverter system cabinet of reduced height, populated with inverter modules, “EUE” electronic bypass switch and manual bypass, together with rectifier modules. You get the most economical solution and benefit in the long term from the direct link to BENNING as the manufacturer.

What types of inverter modules are available?

The inverter modules are available for various input and output voltages, and the output power varies according to the voltage combination. INVERTRONIC compact inverter systems and their racks, comprising hot-swapping 1/5 19” rack modules with a range of 3 heights, are characterised by their modular architecture.

What is a compact inverter system?

INVERTRONIC compact inverter systems and their racks, comprising hot-swapping 1/5 19” rack modules with a range of 3 heights, are characterised by their modular architecture. Electronic bypass switch assures system availability, enables interruption-free switching and is available in two power ratings.
