# Austria home inverter

Application scenarios of energy storage battery products

## Overview

---

Who makes the best solar inverter?

Inverters are an essential part of every home solar installation. One of the oldest inverter manufacturers on the market today is an Austrian brand Fronius International. Let's take a look at the product that they make and their approach to quality and service. Fronius International is an Austrian manufacturer with quite a history behind its back.

Does Fronius solar inverter have Wi-Fi?

Every Fronius solar inverter is equipped with on-board Wi-Fi which connects to the house network. Fronius Solar.Web platform makes it easy to monitor the production and manage the settings. When you are looking for an inverter, make sure that it fits your system.

Why should you choose Fronius inverters?

Fronius inverters show great efficiency that reaches 98%. Almost no energy is lost in the process of conversion. The installation is easier with Austrian inverters being up to 50% lighter than comparable ones. The manufacturer made sure that its product is ready for the harsh conditions of the real world.

Are Fronius inverters ISO 9001 certified?

The company has been certified in accordance with ISO 9001 for over 20 years already which means compliance with the highest quality standards. Most of Fronius inverters come with a 10 product warranty.
