

## A-Core Container

# Battery Cabinet and Charging Communication

## Overview

---

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now.](#)

What are battery charging cabinets?

Battery charging cabinets are a type of safety cabinet that's designed especially for lithium-ion batteries. Over the recent years, as the prevalence of lithium-ion batteries has grown in workplaces, battery cabinets have become more popular due to the many risk control measures that they provide.

How do I keep my batteries cool while charging?

Keep your batteries easily accessible while they charge in a safe and contained environment at a convenient counter height. A constant supply of fresh air pulling into the cabinet helps keep the batteries cool while charging in their contained environment.
