Bolivian home energy storage company

Overview

Where is the largest lithium-ion battery storage system in Bolivia?

The site in the municipality of Baures, Bolivia. Image: Cegasa. The largest lithium-ion battery storage system in Bolivia is nearing completion at a co-located solar PV site, with project partners including Jinko, SMA and battery storage provider Cegasa.

Why should Bolivia invest in solar energy?

Bolivia's investment in rural electrification through solar energy is a significant achievement with lasting impacts on the country's energy landscape. As the project progresses, it will continue to enhance the lives of thousands of families, support economic development, and contribute to Bolivia's environmental sustainability goals.

Can Bolivia become a global powerhouse in electric micro-mobility?

MOBI CEO Ariel Revollo: "Latin America has the capacity to become a global powerhouse in electric micro-mobility, and we believe Bolivia can be the leader of this transition."

Can Bolivia become a green energy superpower?

The partnership between MOBI and EnergyX highlights the thriving innovation environment in Bolivia, and will take the country one step closer to becoming a green energy superpower.
