Communication base station control power cabinet

Overview

What is a Longxing outdoor power cabinet?

LongXing outdoor power cabinet provides flexible size options, offers the ideal enclosure solution to build the whole base station inside.

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.

What is a cabinet system & how does it work?

The cabinets system supports network equipment, backup batteries, and power systems in a range of severe environmental conditions. 2 levels (Normal & Master) safety key mechanism completes the protection of installed equipment. | Thickness of steel: front doors: 2.0mm, roof: 2.5mm aluminum, other parts: 1.5mm.
