Where can I buy electric power stations?

Explore electric power stations designed to keep your essential devices running smoothly, whether you're preparing for emergencies or enjoying time off the grid. Find the right option to fit your lifestyle and stay powered up with confidence. Shop electric power stations at [Costco](https://www.costco.com).

Why should you buy a portable power station?

Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, appliances, and more.

What is the best portable power station?

With a great power-to-weight ratio, the latest version of the [Bluetti Elite 200 V2](#) is a great portable power station for powering a camper or providing backup power for the essentials. With its tremendous capacity, the [EcoFlow Delta Pro 3](#) is truly capable of providing a whole-home backup without gas or solar panels.

Why do we need electric power stations?

Electric power stations are transforming the way we stay connected and powered up, whether at home, on the road, or exploring the great outdoors. These versatile and portable energy solutions offer a reliable source of electricity, ensuring that your devices and appliances remain operational when you need them most.

How do I choose a power station?

Look for a power station that can handle the combined wattage of the electronics you plan to plug into it. If you want to power a toaster that uses 400 watts simultaneously with a blender that uses 600 watts, then you'll need a power station that has a maximum output of at least 1,000 watts.
