# Energy storage lithium battery manufacturer quotation sheet

## Overview

---

Who is lithium storage?

LITHIUM STORAGE is a lithium technology provider. LITHIUM STORAGE focuses on to deliver lithium ion battery, lithium ion battery module and lithium based battery system with BMS and control units for both electric mobility and energy storage system application, including standard products and customized products.

Why do we supply bulk lithium-ion batteries?

Our strong network of partners enables us to supply bulk lithium-ion batteries with an internal emphasis on quality control and customer support. As a dependable lithium-ion battery supplier and battery pack manufacturer, we can deliver reliable energy storage solutions for any application.

Why are lithium-ion batteries so popular?

Lithium-ion batteries have an excellent and improving energy density to cost ratio. Fueled by production scale from electric vehicles, laptops, and other devices, lithium-ion is on track to be the world's premier form of clean energy storage.

What industries do you supply lithium-ion battery packs?

Our core competency is in the large-scale manufacturing of small to medium format lithium-ion battery packs. Some industries we supply include home energy storage, electric vehicles, medicine, military, computing, power tools, robotics, sensors, and more.

Who can supply lithium-ion batteries in-house?

If you desire to prototype or assemble battery packs in-house, we can supply cutting-edge lithium-ion cells from leading manufacturers like Panasonic, Sanyo, LG, Samsung, Sony, BAK, Lishen, and others.

What is hithium's first energy storage solution?

HiTHIUM's first 6.25MWh Energy Storage Solution is tailored for the North American market and the 4-hour long-duration energy storage application scenarios.
