General high power inverter

Overview

What is the best inverter generator for home backup?

The best inverter generator for home backup depends on your power needs and preferences. Popular options include the DuroMax XP13000EH for its dual fuel capability and electric start, and the Honda EU7000IS for its super quiet operation and reliable performance. [What Size Inverter Generator Do I Need To Run My House?](#)

.

What is an inverter generator?

Inverter generators are the smaller, cleaner, and quieter siblings of traditional portable generators. If you're looking to go camping, tailgating, or backup sensitive electronic devices around the house, then you should consider an inverter generator.

What are the best Inverter generators of 2025?

So, I've made my picks for the best inverter generators of 2025 to get you on the right track. You can check out my process for evaluating generators below. The Honda EU7000is is the best inverter generator thanks to its stellar versatility, efficiency, and low-noise performance.

What is a versatile inverter generator?

A versatile inverter generator is one that can easily adapt to different scenarios and applications. One area we consider is whether it's dual fuel or can switch between running on gasoline and propane. This can come in handy if a hurricane has caused a local gasoline shortage because you can then switch to propane.

What makes a good power inverter?

If you need a power inverter that can withstand the elements, look for a

durable device with features like an aluminum casing. Many inverters also have extra protection features to prevent overvoltage or overloaded devices with resistance to overloads, short circuits, and high temperatures.

How much power does a power inverter use?

Power inverters vary widely in wattage, from 300W to 3,000W and up. Some can even generate surge power as high as 6,000W. Most power inverters have two standard AC outlets for various electronic devices. Other models offer additional AC outlets and often USB ports to charge all of your devices—from laptops to fans and flood lights.
