Georgia Battery Energy Storage Project

Overview

ATLANTA, GA / ACCESS Newswire / October 23, 2025 / Georgia Power announced that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County, southeast of Macon, Ga.

ATLANTA, GA / ACCESS Newswire / October 23, 2025 / Georgia Power announced that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County, southeast of Macon, Ga.

Georgia Power has broken ground on new battery energy storage systems (BESS) totaling 765MW across the state of Georgia, marking a major milestone in the utility's plans to meet rapidly growing electricity demand. The construction, underway in Bibb, Lowndes, Floyd, and Cherokee counties, is part of.

200 MW BESS to help deliver reliable capacity for customers and meet energy needs in the winter of 2027-2028 ATLANTA, GA / ACCESS Newswire / October 23, 2025 / Georgia Power announced that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County.

Georgia Power hosts company and project leaders, as well as local and state elected officials, for a groundbreaking ceremony at the McGrau Ford Battery Facility in Cherokee County on April 4. This 530-megawatt battery energy storage system will consist of two phases, approved in the 2022 Integrated.

Georgia Power has embarked on an ambitious initiative to enhance the state's energy infrastructure by commencing the construction of 765 megawatts (MW) of new battery energy storage systems (BESS) across four counties in Georgia. This strategic move aims to bolster grid reliability and support the.
