

## A-Core Container

**German solar energy storage  
integrated machine company**

## Overview

---

How many solar energy storage systems were installed in Germany last year?

EuPD Research estimates around 65,000 energy storage systems linked to rooftop PV were installed last year thanks to increasingly popular solar arrays and electric vehicles as well as rising electricity prices. Sonnen was top of the pile for residential storage in Germany last year, according to EuPD Research. From pv magazine Germany.

Is Sonnen the most innovative energy company in Germany?

The business magazine 'brand eins' and Statista placed sonnen among the most innovative energy companies in Germany. In the "Energy and Environment" category, sonnen was the only entrant to receive the highest rating among companies with 250 to 1,000 employees. How can we help you further?

Is Sonnen a 'storage technology' brand?

In 2021, sonnen was once again one of the top PV brands in the "storage technology" category. The award is presented annually by the market research firm EuPD Research and is based on a survey of solar installers in Germany, Austria and Switzerland.

Is Sonnen a smart home energy storage company?

Intelligent home energy storage. As a fast-growing technology company, sonnen is already active in more than 11 markets globally. sonnen has received many awards for its innovative products and their rapid growth over the many years.

Why should you choose tesvolt energy storage systems?

TESVOLT energy storage systems are the economical choice for the most

demanding applications. Made in Germany, in Europe's first ever gigafactory for stationary battery storage systems, in Lutherstadt Wittenberg. Quality, performance, and optimum interplay between the individual components set our storage systems apart from the rest.

What types of energy storage systems are available?

From 10 kWh to 30 MWh outputs, connected to low or high voltage, on-grid or off-grid, in combination with solar, wind, hydro or combined heat and power sources – our broad product portfolio of industrial and commercial energy storage systems covers the full range of applications and can be individually adapted to your requirements.
