How big is the solar inverter market

Overview

The global PV inverter market was valued at USD 34.6 billion in 2024 and is estimated to grow at a CAGR of 9.5% from 2025 to 2034. The paradigm shift toward the integration of renewable energy resources will fuel the adoption of efficient systems.

The global PV inverter market was valued at USD 34.6 billion in 2024 and is estimated to grow at a CAGR of 9.5% from 2025 to 2034. The paradigm shift toward the integration of renewable energy resources will fuel the adoption of efficient systems.

The global PV inverter market was valued at USD 34.6 billion in 2024 and is estimated to grow at a CAGR of 9.5% from 2025 to 2034. The paradigm shift toward the integration of renewable energy resources will fuel the adoption of efficient systems. Photovoltaic inverters in the last decade have.

The global solar inverter market size is estimated at USD 12.94 billion in 2025 and is predicted to reach around USD 25.81 billion by 2034, accelerating at a CAGR of 7.97% from 2025 to 2034. The Asia Pacific solar inverter market size surpassed USD 5.56 billion in 2025 and is expanding at a CAGR of.

The Solar PV Inverter Market Report is Segmented by Inverter Type (Central Inverters, String Inverters, Micro Inverters, and Hybrid/Battery-Ready Inverters), Phase (Single-Phase and Three-Phase), Connection Type (On-Grid and Off-Grid), Application (Residential, Commercial and Industrial, and.

This growth is as a result of higher demand for photovoltaic (PV) products in the international market that is expected to be high because of improved technologies in solar and policies that support their use. China's position in the PV industry on the basis of silicon wafers, cells, and components.

The Solar Inverter market is anticipated to grow from USD 12,729.5 million in 2025 to USD 23,661.6 million by 2030 with a CAGR of 13.20% during 2025-2030. The solar inverter industry encompasses the production and sale of equipment for transforming direct current (DC) provided by solar panels into.

The global solar PV modules and inverters market is growing rapidly, driven by the shift to sustainable energy and net-zero goals. Credit: GlobalData. Leading data and analytics company GlobalData 's latest report, 'Solar PV Modules and Inverters Market Size, Share and Trends Analysis by.
