Is it suitable to bring an outdoor power bank to Luxembourg

Overview

If you're worried about your phone, you can always bring an external power bank and charge it using an adapter. This is far preferable to plugging a USB cord connected to your phone directly into a USB port at the airport, on a bus, or anywhere else they might be set up.

If you're worried about your phone, you can always bring an external power bank and charge it using an adapter. This is far preferable to plugging a USB cord connected to your phone directly into a USB port at the airport, on a bus, or anywhere else they might be set up.

The simplest answer is that most travelers need to pack an adapter when they travel to Europe. This will allow you to charge simple electronics, like your phone and laptop, as well as anything that you might charge with a USB. Because the devices are usually dual voltage, all you'll need to do is.
