

## A-Core Container

# Italian pack lithium battery

## Overview

---

Who makes the best lithium battery in Italy?

Flash Battery makes the best lithium battery in Italy with fast charging for industry and electric vehicles with significant customisation needs. ITAPOWER is a leading Italian technology company that specializes in power supply systems, offering a diverse product catalog that includes batteries.

Does Italy need traction batteries?

Italy, as one of the important economic entities in the European region, is witnessing vigorous development in the electric vehicle industry, leading to an expanding demand for supporting equipment such as traction batteries, with promising prospects for industry development.

Is Italy a good place to start a battery industry?

Today, Italy holds significant opportunity for the modern battery industry, with its strategic location and highly skilled workforce. Italy has a rich industrial heritage, especially as a hub of Europe's automotive industry, offering access to a large, skilled workforce.

What are lithium-ion cells used for?

Lithium-ion cells are driving Europe's electric mobility revolution, powering a range of vehicles from passenger cars to public transport. We will also produce next-generation cells to serve a wide variety of industrial applications such as construction equipment and logistics.
