Jamaica Power Generation Container

Overview

How can energy services companies improve energy use in Jamaica?

There are huge opportunities for increasing the efficiency of electricity use in Jamaica, particularly using an Energy Services Company (ESCO) framework. ESCOs are Energy Services Companies who bundle a number of energy services to form an energy saving project.

Does Jamaica have a power grid?

The grid currently provides electricity access to approximately 97% of Jamaican households. Jamaica Energy Partners (JEP) Jamaica Energy Partners is an Independent Power Provider that began commercial operations in October 1995, through its ownership of the Doctor Bird Power Plant.

Who buys electricity in Jamaica?

JPS also purchases additional electricity close to 297 MW from Independent Power Producers (IPPs) such as Jamaica Energy Partners (JEP), Jamaica Private Power Company (JPPC), Jamalco, and Wigton Wind Farm. The grid currently provides electricity access to approximately 97% of Jamaican households. Jamaica Energy Partners (JEP).

What is Jamaica's Energy Hub?

The 125,000-cubic-meter ship serves as an import facility and regional energy hub, supplying environmentally friendly, lower-cost (LNG) to Jamaica Public Service Company's 190-megawatt power plant in Old Harbour and our 150-megawatt co-generation power plant at Jamalco in Clarendon.

Why is the Jamaican electricity sector important?

It also forms part of a broader exercise to develop a framework for benchmarking the Jamaican electricity sector. The performance of Jamaica's electricity industry is crucial for several reasons. Firstly, there is a high degree of correlation between electricity consumption and gross domestic product

(GDP).

How does Jamaica's energy system work?

Jamaica's energy system is highly dependent on imported fossil fuels, petroleum imports account for over 80 percent of electricity production. This oil import dependency comes at a high cost. Here's a quick glance at how the sector has performed over the last five (5) years. Commercial & Industrial (Sml.) AVERAGE NO. OF CUSTOMERS
