

A-Core Container

Latest home solar integrated machine

Overview

The world's first AI-optimized 5-in-One energy system combining inverter, battery, EMS, EV DC charging, and intelligent controls into a resilient, expandable solution built for energy independence. Expandable from 5 to 390 kWh with stackable battery packs.

The world's first AI-optimized 5-in-One energy system combining inverter, battery, EMS, EV DC charging, and intelligent controls into a resilient, expandable solution built for energy independence. Expandable from 5 to 390 kWh with stackable battery packs.

The 3KW, 5KW, and 11KW Solar Integrated Energy Storage Machines combine solar power generation, energy storage, and smart management into a single, efficient unit for both residential and commercial use. The 3KW model is ideal for small homes or offices, providing enough power for daily needs.

The new residential offering will integrate a scalable battery and a new solar inverter up to 11.5kW to provide highly flexible whole home backup to fit various types of home across the US.
