# Morocco emergency energy storage power supply distributor

## Overview

---

Which energy companies are launching solar-independent power projects in Morocco?

It recently tendered for solar-independent power projects with battery storage. Riyadh-headquartered Acwa Power led the winning bids for the Noor Midelt 2 and 3 projects, each 400MW of solar with attached BESS. They are part of Morocco's broader clean energy vision.

Why should Morocco invest in a Bess project?

The BESS underpins energy reliability and facilitates greater utilization of intermittent wind and solar. Morocco's 1.6 GW BESS projects are key to its clean energy ambitions as the facilities will electrify key urban areas and firm up the grid.

Is Morocco preparing to launch a 1.6 GW Bess project?

Morocco is preparing to launch a massive foray into clean energy with its ambitious 1.6 GW BESS projects. The National Office for Electricity and Drinking Water (ONEE) is expected to invite tenders for battery energy storage systems (BESS) totaling nearly 1,600MW.
