Nanya Power Station Energy Storage Equipment Manufacturer

Overview

Nanjing Kiclear Technology Co., Ltd. focuses on the R&D, design, manufacturing, sales and service of power energy storage products, and provides energy storage BMS equipment, energy storage battery systems, charging and discharging equipment, and battery evaluation, energy storage system integration solutions and other services. Who is Nanya energy technology?

Discover our comprehensive range of electric vehicle charging solutions for various applications. Join our platform to access exclusive features, real-time monitoring, and personalized support for your EV charging infrastructure. Nanya Energy Technology - A leading manufacturer specializing in electric vehicle (EV) charging solutions since 2016.

Where is Nanya Technology located?

In order to provide closer support to customers and expand business in Japan & Korea, Nanya Technology has established Japan office in Tokyo in September 2002. Moreover, Nanya Japan has built up its system lab in Year 2015 and dedicated itself to collaborating with customers by offering SI measurement and technology support.

What is Nanya DRAM?

Create a smart connected home covering a wide variety of consumer electronics with standard and low power DRAM densities ranging from 512Mb to 8Gb. Nanya DRAM enables employees to work smart and maximize efficiency in the office place - both at the desk and behind the scenes.

Why should you partner with Nanya?

When you partner with Nanya, you're choosing a reliable, innovative, and growth-oriented leader in the EV charging industry. Proven Industry Leadership - Trusted by global clients for high-quality EV charging solutions. Cutting-Edge Technology - Patented designs, smart charging software, and robust hardware.
