Netherlands 2 billion energy storage project

Overview

GIGA Storage, a Dutch and Belgian battery storage developer, has reached financial close for its utility-scale Battery Energy Storage System (BESS) project GIGA Leopard in Delfzijl, Groningen, the Netherlands.

GIGA Storage, a Dutch and Belgian battery storage developer, has reached financial close for its utility-scale Battery Energy Storage System (BESS) project GIGA Leopard in Delfzijl, Groningen, the Netherlands.

Delfzijl, 2nd June 2025 - GIGA Storage, the leading Dutch and Belgian battery storage developer, in which InfraVia invested in 2024¹, announces it has reached financial close and started the construction of the "GIGA Leopard" project, a 300MW / 1.2 GWh Battery Energy Storage System (BESS). Through.

Dutch energy storage developer Lion Storage, part of Return, announces that project Mufasa—one of the largest battery energy storage systems (BESS) in the Europe—has successfully reached Financial Close. extensive experience financing energy transition projects. Set to become operational in H1.

GIGA Storage, a Dutch and Belgian battery storage developer, has reached financial close for its utility-scale Battery Energy Storage System (BESS) project GIGA Leopard in Delfzijl, Groningen, the Netherlands. This means GIGA Storage can start the construction of this 300MW - 1.200GWh BESS project.

InfraVia, the French investor which holds a majority stake in the Dutch battery developer, says the four-hour-storage 'Giga Leopard' project is part of a pipeline of more than 2 GW of European utility-scale batteries. French-owned battery developer Giga Storage has begun construction of its 300.

Amstelveen, 2 June 2025 - GIGA Storage, the leading Dutch and Belgian battery storage developer, in which InfraVia invested in 2024*, announces it has reached financial close and started the construction of the "GIGA Leopard" project, a 300MW - 1,2GWh Battery Energy Storage System (BESS). Through.

GIGA Storage has launched Amsterdam's largest battery project, "Giraffe" battery energy storage system (BESS) in Westhaven, marking a major

milestone in the city's transition toward a more flexible and resilient power network. The facility, which has a total capacity of 10 MW/47 MWh, is now the.
