What is a container house?

CW Dwellings - Your container home from design to delivery. Why container houses?

Why build houses with containers?

Containers are an excellent building material for houses, as they are designed to withstand heavy internal and external loads under the most adverse conditions that a house would ever have to endure.

What makes a container house unique?

Resistance to severe weather: prepared to withstand long trips overseas, container houses are very resilient to inclement weather and can be located anywhere on the planet. Constructed in accordance with the rules of the IBC: during the design phase and construction phase we have followed all

guidelines from the US Residential Building Code.
