

## A-Core Container

# Notes on communication base station inverters

## Overview

---

Micro inverters can be connected to the wireless router through the built-in Wi-Fi module, string inverters and energy storage inverters can be connected to the wireless router through the external Wi-Fi data collector, the Wi-Fi module or data collector will transmit the data of the inverter operation to the server, and can also be connected to the Wi-Fi of the inverter through the mobile phone or computer.
