Philippine Steel Enterprise Energy Storage Project

Overview

What is the Philippines' first solar-plus-storage hybrid?

The Philippines' first large-scale solar-plus-storage hybrid (pictured), was commissioned in early 2022. Image: ACEN. The Philippines Department of Energy (DOE) has outlined new draft market rules and policies for energy storage, a month after the country allowed 100% foreign ownership of renewable energy assets.

What are the benefits of energy storage systems in the Philippines?

Configuring an energy storage system can alleviate grid congestion and improve grid stability. | Smoother Energy Output: As of now, the Philippine power grid coverage rate is about 91%, and some areas still have problems with no power coverage, insufficient power supply, and unstable power.

Why should the Philippines invest in energy storage?

Bolstering decarbonization goals: The Philippines is a signatory to the Paris agreement and is committed to reducing greenhouse gas emissions. Energy storage facilitates the integration of renewable energy, supporting the transition to a cleaner energy mix.

Are there opportunities for energy storage in Southeast Asia?

A feature article in the most recent edition of our quarterly journal, PV Tech Power, looked at the emergence of opportunities for energy storage in the Southeast Asia region, driven by a need to meet rising demand for electricity in a part of the world experiencing rapid economic growth.

What are energy storage systems?

It said the definition of energy storage systems, or ESS, will be facilities capable of absorbing energy generated from a renewable energy source or generation facility connected to the grid, and injecting stored energy when needed.

Why should you invest in a solar PV system in the Philippines?

By implementing the largest solar rooftop PV system in the Philippines, we are accelerating the production of lower carbon high-quality steel products for the Philippine market,” William T. Chen, Chief Finance Officer of Real Steel Corporation explained.
