Who is the best solar company in the Philippines?

PHILERGY is also the Philippines' most trusted and highest rated solar company as seen on Google reviews and customer satisfaction surveys for their workmanship, quality German equipment, and customer service. Solaric started off as an offshoot business providing backup power solutions to the US Federal Government.

How many solar panels have been installed in the Philippines?

At present, SolarNRG Philippines has completed more than 30MWp installed grid-tied solar systems for residential developments, commercial clients, and industrial clients or developers. To put things into perspective, this is more than 75,000 panels installed and 125,000 MWh saved!.

What is solarnrg Philippines?

The drive to save the environment and to offset the rising costs of electricity inspired SolarNRG to promote awareness of renewable energy and bring solar technology to the Filipino people. In partnership with Filipino company Jater Development Corporation, the SolarNRG Group established SolarNRG Philippines in 2014.

What is Solar Philippines?

Founded in 2013, Solar Philippines has been creating a path towards a renewable future by embarking on utility-scale solar farms that generate

additional electricity supply for the Luzon grid, effectively increasing the productivity of many communities and customers.

Why should you choose prosolar Philippines?

Why Choose Us?

At ProSolar Philippines, we combine expertise, quality, and passion to deliver reliable solar energy solutions tailored to your needs. We use only high-grade solar panels and components, ensuring long-term performance and savings.
