

## A-Core Container

# Portuguese high-quality energy storage battery manufacturer

## Overview

---

StorSystems is driving the Portuguese energy transition by developing, building, and operating advanced battery storage systems. Battery storage allows power produced now to be stored for use later. It will be essential for a decarbonised and reliable energy network in Portugal. Why should Portugal be a reference space for innovation in batteries?

To promote the national value chain and innovation ecosystem in the international market for energy storage technologies and materials, positioning Portugal as a reference space for innovation in batteries.

What is battery Cluster Portugal?

Contribute to positioning Europe as a leader in battery technology and production Mitigation of the climate crisis Open to technology, innovation, and the creation of added value Battery Cluster Portugal é uma associação sem fins lucrativos que incentiva a I&D e os negócios relacionados com sistemas de armazenamento de energia.

How can we strengthen the competitiveness of the Portuguese industrial value chain?

To strengthen the competitiveness of the Portuguese industrial value chain and innovation ecosystem in batteries and energy storage technologies, through the development and transfer of new sustainable and disruptive technologies to the global market.

What is a battery energy storage project?

The battery energy storage project utilizes Powin's Centipede Stack750 and a power conversion system from Hitachi Energy, underscoring the importance of partnership between global companies in supporting Europe's energy transition.

How can Europe become a leader in battery technology & production?

To create synergies with Europe Complete value chain and circular economy  
Contribute to positioning Europe as a leader in battery technology and  
production Mitigation of the climate crisis Open to technology, innovation, and  
the creation of added value
