ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Overview

The inverter offers a range of convenient features, including remote monitoring capabilities, reverse battery protection, thermally controlled fan speed, automatic restart after power interruptions, and an easy AC hard-wire hookup, with the option to purchase the remote separately.

The inverter offers a range of convenient features, including remote monitoring capabilities, reverse battery protection, thermally controlled fan speed, automatic restart after power interruptions, and an easy AC hard-wire hookup, with the option to purchase the remote separately.

DC Connections: DC Lugs (no expensive ring terminal required) AC Connections: Vertical push-in connections only (no GFCI) AC Knockouts: Removable by hand Remote Control Panel: Full control (same as on-board control) RV-C Compatible: Yes Pure Sine Wave. DC Input Current: Approx 180 Amps at full Ac.

2,000-Watt inverter lets you use appliances and devices wherever the road takes you. Pure sine wave technology is perfect for sensitive electronics like HDTVs and computers. Great Prices for the best rv power inverter from Progressive Dynamics. Progressive Dynamics 2000 Watt Inverter w/ Transfer.

Help others learn more about this product by uploading a video! The inverter offers a range of convenient features, including remote monitoring capabilities, reverse battery protection, thermally controlled fan speed, automatic restart after power.

This is an 1800-watt pure sine wave inverter from progressive dynamics. It allows you to use electronics on the go!! Features: Warning: Product may contain materials cautioned by California Proposition 65 This is an 1800-watt pure sine wave inverter from progressive dynamics. It allows you to use.

USA owned and operated provider of Marine & RV parts, RV appliances & Marine & RV accessories for all sizes and types of boats & recreational

vehicles.

Progressive Dynamics Inc.'s 1,000 watt, 12V inverter (with 15 amp cord), with built-in transfer switch, changes DC output from your RV batteries into AC power and sends it to the electrical system. Pure Sine wave technology, it creates clean power with minimal interference, making it safe.
