

A-Core Container

Saudi Arabia inverter DC side

Overview

Inverter Specification Rated Continuous power:7000W Surge output power: 14000W Standby input power: 7000W<70W DC Input Voltage : 48V DC input voltage range:40~60VDC High battery shut down:60V Low voltage shut down: 40V AC output voltage (nominal): 120VACand 240VAC AC output frequency:60±2Hz AC output waveform: Pure sine wave Conversion efficiency: ≥91.6% Ambient operating temperature range: 32°F-104°F/0°C-70°C Cooling method: Intelligent temperature controlled fan or the load power reaches to the half of the inverter power Protection: Input low voltage protection, Input high voltage protection, overload protection, temperature protection, short circuit protection, battery reverse protection.
