The BESS is to be built at the Tobène substation in Thies, Senegal. It will be operated by Infinity Power's 158.7 MW wind farm in Senegal, Parc Eolien Taiba N'Diaye (PETN) Cairo, Egypt and Abu Dhabi, UAE - 13 November 2023: Infinity Power, a joint venture between Egypt's Infinity and UAE's Masdar.

As Senegal advances its clean energy ambitions, the upcoming MSGBC Oil, Gas & Power conference – taking place in Dakar from December 9-10 – will provide a critical platform to accelerate the region's just energy transition. Uniting regional leaders, investors and policymakers, this year's event.

Africa REN, a leading pan-African renewable energy developer, has energized the Walo Storage project in Bokhol, Senegal, a groundbreaking solar-plus-storage facility featuring 16 MW of solar photovoltaic (PV) capacity and a 10 MW/20 MWh lithium-ion battery. This project is West Africa's first.

AXIAN Energy has launched construction of one of West Africa's largest solar power plants with battery storage, supporting Senegal's target of 40% installed renewable energy capacity by 2030. Is a solar energy project in Senegal the biggest in West Africa?

Work on a solar energy and battery storage.

Independent power producer Africa REN has officially commissioned the Walo Storage project in Bokhol, Dagana department, northern Senegal. This marks the first solar PV installation in West Africa to integrate battery storage dedicated to frequency regulation. The facility combines 16 MW of solar.
