

## A-Core Container

# Sino-European Duoduoyang Solar Power Generation Home Manufacturer

## Overview

---

Who is sinovoltaics?

Since 2009, Sinovoltaics, a Dutch-German Battery Energy Storage (BESS) and solar photovoltaic (PV) technical compliance and quality assurance service firm, has been a pioneer in the BESS and solar photovoltaic industries.

What services does sinovoltaics offer?

Sinovoltaics' services include quality assurance inspections, factory audits, Environmental, Social, and Governance (ESG) reports, and traceability audits for utility solar developers and investors.

Who are the largest solar companies from China?

This is the list of the largest public listed companies in the Solar industry from China by market capitalization with links to their reference stock. 1. Trina Solar Co. Ltd 2. Shanghai Aiko Solar Energy Co. Ltd 3. Xinyi Solar Holdings Ltd 4. Arctech Solar Holding Co. Ltd 5. JinkoSolar Holding Co., Ltd. 6. Solareast Holdings Co. Ltd 7.

How often does sinovoltaics publish a region-specific solar supply chain map?

Every four months, Sinovoltaics publishes region-specific solar supply chain maps for North America, Europe, Southeast Asia, and India, documenting the published plans of manufacturers operating in each region. It also publishes an annual transformer manufacturing map for Mainland China.

Will Chinese solar companies build factories in the US?

Since January of last year, at least eight Chinese brands — including industry majors Trina Solar and JA Solar — have announced plans to build factories in the U.S., according to the 2024 Global Solar PV Brand Influence Report handed out at the conference.

Why should you choose sinovoltaics?

Sinovoltaics provides independent traceability, factory audits, and proprietary AI software that can ensure that every procured solar module is ethically manufactured, inspected, and 100% defect-free before leaving the factory.
