Slovak battery energy storage production company

Overview

Where is the first battery cell production line in Slovakia?

The Slovak company InoBat has launched the first battery cell production line in Slovakia. It is situated right next to the research & development laboratories in Voderady. The maximum installed capacity of the line equals 50,000 battery cells produced annually.

When will the first Slovak battery production line start?

The first Slovak battery production line was put into operation in Voderady this week. The start of production is planned for the end of the Q1 of next year. In the first phase, the line will be operated by 41 InoBat operators, ensuring 24/7 operation of the battery formation and aging processes.

Who owns the Slovak electricity generation market?

Recently, most of the new market players operated on the basis of such notifications. 1.3.1 The main player in the Slovak electricity generation market is Slovenské elektrárne, a.s. (SE), a joint stock company of which 66% is owned by Enel, 1 the Italian based multinational group, with the other 34% owned by the Slovak state.

How many INOBAT operators are there in Slovakia?

In the first phase, the line will be operated by 41 InoBat operators, ensuring 24/7 operation of the battery formation and aging processes. The Slovak company InoBat has launched the first battery cell production line in Slovakia. It is situated right next to the research & development laboratories in Voderady.

How long did it take to build a railway line in Slovakia?

The line covered a distance of 24 169 kilometres. It travelled to Slovakia for 8 weeks in 44 shipping containers and its total weight was 308 tonnes, requiring 4 months to fully instal it. The process was successfully done by InoBat team

and 60 experts and engineers from Wuxi Lead.

Where is INOBAT battery plant located?

It is situated right next to the research & development laboratories in Voderady. The maximum installed capacity of the line equals 50,000 battery cells produced annually. It was tailor-made for InoBat by Wuxi Lead, a globally recognized producer of battery manufacturing equipment.
