# Solar energy storage charging stations in the Solomon Islands

BMS Wiring Diagram

## Overview

---

Who is financing a solar energy project in the Solomon Islands?

The Asian Development Bank, Saudi Fund for Development, and Solomon Power are all financing the project. A project is now underway on the Solomon Islands to help the country accelerate its renewable energy generation.

How is the Solomon Islands project funded?

The project is being funded by a \$10 million concessional loan and a \$5 million grant from the Asian Development Bank (ADB), while the Saudi Fund for Development and state-owned Solomon Power are providing \$10 million each. The government of the Solomon Islands is providing \$7 million.

What is the Asian Development Bank doing in Solomon Islands?

The Asian Development Bank is working with the Government of Solomon Islands and Solomon Power to convert electricity networks in five provinces almost entirely to solar power. The project will reduce the need for costly shipments of diesel to the provincial centers. LATEST PROJECT DOCUMENTS 1.

How do I apply for a job at Solomon power Ranadi?

You can submit your application either in hard copy, which you can drop off at the Solomon Power Ranadi Office or by soft copy through the restricted email: [recruitment@solomonpower.com.sb](mailto:recruitment@solomonpower.com.sb). Applications close at 4.30pm, on Friday 13th April, 2018.
