

## A-Core Container

**Somaliland plans to build an energy storage power station**

## Overview

---

What is the Somali electricity project & why is it important?

The project also aims to reestablish a stable electricity supply and support regional integration. Out of a population of about 15 million, 9 million Somalis lack access to electricity services, and the cost of power is among the highest in the world.

What is a power master plan for Somaliland?

The objective of the Project which is funded by the World Bank is to produce credible power master plan for Somaliland to guide the introduction and establishment of modern cost-effective reliable electricity supply systems for the country over a 20-year planning period.

What is the main source of energy in Somaliland?

Elmi says that charcoal is the main source of energy, as electricity is rare and expensive for many. The rampant deforestation is not unique to Somaliland. In southern Somalia, al-Qaeda-linked Shebab insurgents turned charcoal burning and exportation into one of their major sources of income.

When will a pre-bid conference be held in Somaliland?

6. A pre-bid conference shall be conducted physically by the Employer, the Ministry of Energy and Minerals, Hargeisa, Somaliland on April 5, 2025, at 9:30 Am Hargeisa, Local Time No site visits shall be organized by the employer, but bidders are encouraged to make site visits to familiarize themselves with the scope of work envisaged. 7.
