South Sudan s policy on industrial and commercial energy storage cabinets

Overview

Why is South Sudan struggling to get electricity?

Despite having an abundance of energy resources, particularly fossil fuels, South Sudan struggles to give its citizens access to electricity. The long period of historical neglect of the region by the Sudanese government before independence and the recent conflict, is the primary cause of the current energy challenges.

What is the trilemma of energy policy in South Sudan?

The Quadrilemma of Energy Policy- the Case of South Sudan. Source: Authors. In short, the South Sudanese scenario thus adds two additional factors to the energy trilemma- the resource curse and the need to consolidate power through national energy projects.

Why does South Sudan lack oil refining infrastructure?

Because of its lack of oil refining infrastructure, South Sudan relies on regional neighbors such as Kenya to maintain its national energy supply. Kenyan energy infrastructure suffers from its own refining inefficiency and is unable to satisfy the large demands of oil from the other East-African countries .

Does South Sudan have a real energy infrastructure?

The situation in South Sudan, the world's newest country, is unique. It does not have any real existing energy infrastructure.

How has South Sudan impacted its energy security?

Indeed, the situation plunged South Sudan into a political, economic and humanitarian disaster . The dependence of South Sudan on its regional partners for the importation of processed fuel constitutes another challenge undermining its energy security . East African countries rely on each other to guarantee their oil supply.

What is the future of electricity in South Sudan?

According to recent projections, in the long term, the demand for electricity in South Sudan could grow to 1400 MW by 2030. In sum, the fundamental challenge for South Sudan is to build new public service infrastructure and refurbish depleted water, energy, transportation, and communication systems.
