Specialize in selling solar water pump inverter

Overview

Who is pheon solar water pump inverter manufacturer?

PHAETON factory established in Shenzhen China in 2014, specialized in the design, develop, and manufacture of Hybrid solar water pump inverter, Variable Frequency Drive, 1phase 220V to 3phase 380V converter, providing energy-saving solutions for agricultural irrigation, livestock watering, remote water supply and Industrial automation control.

What is a solar pump inverter?

Solar Pump Inverter Solar pumping system is a series-parallel absorb sunlight radiation energy through solar panels and convert DC into AC power by inverter to drive centrifugal pump, axial flow pump, mixed-flow pump of deep well water pump system.

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.
