Swedish pack lithium battery

Overview

Where can I buy lithium-ion battery products?

Lithium-Ion Battery Products - Battery Packs are in stock at Digikey. Order Now! Lithium-Ion Battery Products ship same day.

Who makes lithium batteries in Sweden?

In Sweden, SAFT produces primary and secondary lithium batteries for the defense, rail, and telecommunications sectors. They develop large-scale of various energy storage system for the renewable energy industry as well. In present time, SAFT continues to be a major supplier of batteries for critical sectors such as military and infrastructure.

What are the best lithium-ion battery solutions?

The perfect lithium-ion battery solutions. Customised lithium-ion battery packs for handheld devices up to large industrial equipment. Semi-customised lithium-ion battery packs for handheld electronics devices. Off-the-shelf lithium-ion battery packs for handheld electronics.

What is a lithium-ion battery?

The Lithium-Ion batteries are modular and expandable and therefore can be adjusted for your application in industries like logistics, agriculture and others. Customers are provided with a ready-to-use battery solution, including all necessary accessories and certifications.

Why do we use lithium-ion batteries?

We utilize lithium-ion cells with the highest energy density, maximized discharge current, and the utmost safety levels in our battery packs. Different chemical compositions and varying configurations of battery cells result in different housing shapes and performance data for our lithium-ion standard batteries.

What are prismatic Lithium batteries used for?

Battery packs with prismatic lithium cells are currently used in consumer market products (smartphones, tablets, etc.). RRC has developed the FLATPAQ portfolio, a new family of lithium-ion (li-ion) and lithium-polymer (li-po) standard batteries with different combinations of prismatic cells from 1S1P to 3S1P.
