

## A-Core Container

**The largest energy storage  
battery company in the  
Philippines**

## Overview

---

The historic province of Bataan, 127 kilometers (78 miles) from the capital city Manila, hosts the Philippines' first and largest Battery Energy Storage System (BESS) owned and operated by San Miguel Corporation's (SMC) Global Power Holdings Corp. (SMGP). Who is the best battery company in the Philippines?

Located in Davao, Mindanao Energy Systems Inc. is another top contender in the Philippines' battery market, specializing particularly in lithium ion batteries and solar battery systems.

Does the Philippines have a solar battery market?

The government's push to increase solar PV installations includes growing support for residential and commercial solar battery storage systems. Solar battery prices in the Philippines depend on brand, capacity, technology (LiFePO<sub>4</sub> vs. lead-acid), and features like Wi-Fi monitoring, wall-mounting, and cycle life.

Does the Philippines have solar power?

Powering Solar Energy in the Philippines In Southeast Asia, the Philippines has notable achievements in terms of renewable energy with an exceptional record for solar power. The nation has rapidly expanded its solar panel and battery storage production as the economy develops quickly with increasing energy requirements.

Why should you choose a battery company in Manila?

Companies in Manila are well-placed to manage imports of raw materials such as lithium, necessary for the production of lithium ion batteries, and to export finished products globally. Founded in the early 2000s, Philippine Battery Incorporated has grown to become one of the leading battery manufacturers in the Philippines.

Where in the Philippines will a solar power plant be located?

The project, which is strategically located on the Philippines' main island of Luzon, about 100km from Manila, will combine 3.5GWp of solar PV capacity with 4.5GWh of battery energy storage system (BESS).

Where to buy lithium ion batteries in Manila?

Located in Manila, PBI specializes in a wide range of battery technologies, with a strong focus on lithium ion batteries. Their product lineup includes everything from 12v lithium batteries to 48v lithium ion batteries, catering to both consumer electronics and industrial needs.
