

## A-Core Container

**The lithium battery site cabinet  
in the computer room can be  
used directly**

## Overview

---

How to choose a lithium battery charging cabinet?

Since the risk of fire is particularly high during the charging phase, a charging cabinet should offer particularly high safety precautions, such as special fire protection seals and alarm functions. A shock-resistant plastic collection container is suitable for the collecting of intact lithium batteries.

How should lithium batteries be stored?

Storing, charging, collecting: the condition of lithium batteries is critical for proper storage. Since the risk of fire is particularly high during the charging phase, a charging cabinet should offer particularly high safety precautions, such as special fire protection seals and alarm functions.

Are lithium-ion batteries safe?

No battery storage or usage is entirely devoid of risk. However, the widespread adoption of lithium-ion batteries is bringing attention to the risks associated with their storage and utilization. Acknowledging this necessity, Justrite offers a proactive solution through our Lithium-Ion Battery Charging Safety Cabinet.

What is a Li ion battery storage cabinet?

Thankfully, innovations by Justrite in li ion battery storage are offering consumers and businesses a fire- and explosion-resistant battery cabinet in which to safely charge their li ion batteries. The cabinet houses the batteries during charging while an integral fan keeps the compartment cool to prevent overheating.

What are the advantages of a large lithium battery cabinet?

At first glance, large, spacious cabinets seem to offer an advantage: They allow the accommodation and charging of numerous lithium batteries in a relatively small space.

Why is a small battery cabinet a good choice?

The fact is, the smaller the affected number of batteries, the more manageable the risk. Not to mention fires that occur unnoticed, which means that further measures can only be taken with a time delay. A small cabinet size is therefore also completely in the spirit of what the fire brigade would prefer.
