# Timor-Leste large-scale energy storage project

## Overview

---

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy storage system. This will be the country's first full-scale renewable energy.

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy storage system. This will be the country's first full-scale renewable energy.

ITOCHU Corporation (headquartered in Minato-ku, Tokyo; President & COO: Keita Ishii; hereinafter "ITOCHU") is pleased to announce that, together with EDF power solutions ("EDF ps"), a subsidiary of the EDF Group (Électricité de France), it has signed a Power Purchase Agreement ("PPA") with.

The state utility company Electricidade de Timor-Leste (EDTL), which become corporatized only in 2020 currently spends over USD 100 million/year as a fuel budget and electricity tariff set below the cost-recovery level is being subsidized using the central government budget allocation. Design.

DLA Piper advised Eletricidade de Timor-Leste on power purchase agreement for first solar and battery storage project Global law firm DLA Piper advised Eletricidade de Timor-Leste (EDTL), as part of an advisory team led by the Asian Development Bank (ADB), on a power purchase agreement with a.

se large-scale battery storage systems. Under a long-term agreement, EDF will ensure access to all have paid dearly for other nations" wars. December 17 will be the 80th anniversary of Australia's invasion of then-Portuguese Timor, which led to the killing of 40,00 Timor-Leste people by.

Will Timor-Leste's first solar power project integrate with a battery energy storage system?

In a landmark moment for Timor-Leste's energy future, a Power Purchase Agreement (PPA) has been officially signed for the country's first-ever solar

power project integrated with a Battery Energy Storage.

Meanwhile, investment in large-scale wind, solar and storage was at AU\$6.2 billion (US\$4.17 billion) for 2022, a 17% increase on 2021 figures. In a foreword to the Clean Energy Australia . Australian energy giant Santos and its joint venture partners have inked a memorandum of understanding (MOU).
