# Weight of solar panels

## Overview

---

How much do solar panels weigh?

Here are some quick facts about the average weight of solar panels with differing wattages: 100-watt solar panels from 5 of the most popular brands average 18.8 pounds. 200-watt solar panels from 5 of the most popular brands average 23.28 pounds. Most 60-cell solar panels weigh about 44.9 pounds.

How much weight do solar panels add to a roof?

When figuring out how much weight do solar panels add to a roof, that would be quite useful data to have. All individual solar panels weigh less than 100 lbs. However, solar systems with 8kW rated capacity and above add more than 1,000 lbs to your roof. Not to worry, however.

How much do solar panels & mounting equipment weigh?

The typical solar panels and mounting equipment weight is between 10 and 20 kilograms per square meter. This is well within the tolerances of most roofs, meaning there is no need to worry about the extra weight causing any damage. The weight of the panels is often used as an advantage, as it helps to hold the panels in place during high winds.

How much does a solar installation weigh?

When you take into account the solar panels and all the mounting equipment, racking, junction boxes, and wiring, the total weight of the solar installation comes in at around 3-4 pounds per square foot (this does not include the inverter, which usually gets bolted to the wall).

How big are solar panels?

Residential solar panels consist of around 60 solar cells and are roughly 5.5 feet long and 3 feet wide. Solar panels usually weigh about 40 to 50 pounds. Commercial solar panels are generally larger than residential solar panels at

6.5 feet by 3 feet.

How much does an RV solar panel weigh?

RV solar panels are generally rated at 100-150 watts and are smaller and lighter than residential solar panels. In general, the average rigid solar panel used in RV solar systems is rated at 100 Watts and weighs about 15lbs. The following table compares the weight of some of the most popular RV solar panels:
