Where to buy outdoor power supplies in Uruguay

Overview

What type of power outlet is used in Uruguay?

This makes sense, given that Uruguay is a small country between Argentina and Brazil, which both manufacture appliances with different plug and socket types. The power outlets used in Uruguay are types C, F, I, and L. Type C is often called the “euro plug” and has two round pins.

What type of plugs does Uruguay use?

Uruguay uses power outlets and plugs of types C, F, I & L. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type C - The standard European plug.

Do you need a power adapter in Uruguay?

After reading about how many plug-and-socket types there are in Uruguay, you've probably already realized you need a power adapter. You do, but luckily you don't have to bring four different adapters on your trip. We recommend just buying a universal adapter that will work for a variety of plugs around the world.

What is the standard voltage for a power socket in Uruguay?

All power sockets in Uruguay provide a standard voltage of 230V with a standard frequency of 50Hz. You can use all your equipment in Uruguay if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

What is the best portable charger for a day trip in Uruguay?

Lipstick-sized Portable Charger There are so many day trips and beach days to enjoy in Uruguay, and you need to make sure your phone and/or camera is charged to capture all the sights and memories. This compact charger is very fast and is literally the size of a lipstick tube.

Can I connect my laptop charger to an electrical outlet in Uruguay?

Yes, you can connect your laptop charger to an electrical outlet in Uruguay as long as the outlet is compatible with the charger's voltage and plug type. In Uruguay, the standard voltage is 230V and the standard frequency is 50Hz.
